About Us:

The National Association for the Blind (NAB), Delhi, is a non-profit organization registered under the Societies Registration Act of 1860 on April 19, 1979. Since 1986, NAB, Delhi has been operating from its locations at R.K. Puram, Dwarka and Narela at New Delhi. We work to empower individuals with visual impairments and multiple disabilities to become self-reliant and active contributors to society by offering education, technological support, accommodation, counseling, training, workshops, and awareness camps.

Message of the Month – Rajni Rawat (Resource Teacher)

With nearly three decades in the IED department, I've seen the field evolve from pure craftsmanship to a space shaped by technology and modern methods. Yet every step has reinforced one truth—real expertise lies not just in tools or techniques, but in our ability to understand, adapt, and work with empathy.

Technology brings speed, but the human touch—our judgement, patience, and experience—remains unmatched. When the new generation pairs technical skills with sensitivity and a willingness to learn, they can create meaningful impact both in the industry and in society.

My message is simple: let experience guide you, let technology empower you, and let purpose inspire you. That balance is the key to real growth.

Student of the Month – SARANSH PRATAP SINGH

Saransh is a Class 11 student at Sarvodaya Sector 6 School and has been a hosteller at NAB Delhi since 2025. Despite having low vision, he confidently manages his daily tasks with complete independence and is committed to his academics.

He not only performs well in his studies but also shines in para sports. Saransh secured second position in long jump, earning a silver medal, and won first position with a gold medal in shot put.

He also participated in the Punjab All-India Competition, organised by the Louis Welfare Organisation, where he achieved first position, receiving a gold medal and a certificate for his outstanding performance across events.

Donor of the Month:

NAB Delhi extends heartfelt gratitude to **Devanshi Rathi** for her generous contribution, which strengthens our mission of empowering visually impaired individuals through education and support services.

NAB Delhi's Sparsh: Success Story – RACHIT JAIN

Rachit Jain joined NAB Delhi's three-month diploma course in search of direction, confidence, and new opportunities. Before arriving at NAB, he felt unsure about his future, but his time here became a true turning point. He learned to use computers with screen readers, operate Android phones with TalkBack, and navigate digital tools independently. A major milestone was learning to travel on his own from home to NAB.

In NAB's inclusive environment, Rachit found motivating faculty, supportive staff, and friends who helped shape his journey. The soft skills sessions further strengthened his communication, self-awareness, and readiness for future challenges.

Today, Rachit stands as a confident and skilled individual—and he is now proudly interning at NAB Delhi, continuing to learn and contribute. NAB Delhi is delighted to be a part of his inspiring journey toward independence and empowerment.
